Earnings

Well-being

Time

Productivity

Accuracy

Simple

Our specialized technicians will help you learn step by step how to deal with the Automation system. Remotely or on site, you can count on a premium quality service.

Accessible

Developped by user-experience experts, ergonomy and simplicity will make your life easier.

AUTORATION CAN HELP MANAGE:

EQUIPEMENT

INGREDIENTS

RECIPES

SEQUENCE

REPORTS

ALARMS

AND MUCH MORE...

CONNECTED

Get conneted anytime, anywhere in the world with our notification system using emails, SMS and much more.

SAFETY

The only system on the market whose incoming and outgoing connections (remotely) are 100% secure (avoiding any intrusion or virus).

ULTRA-FAST

Industrial computer 100% dedicated to the Auration Pro robotic system developed by our engineers and working on a Windows 7 interface.

We are committed to putting Auration technology to work for you in the most cost-effective manner.

MULTIPLATFORM

Compatible with Android® and Apple® technologies for tablets and mobiles.*

* Remote access app required.

Real time notifications

No matter where you are, Auration Pro will keep you informed with your inventory (level), potential malfunctions, failures, alarms and other...

Detailed reports which will impress your neighbours.

Take control of your operations with our safe remote access system for you or your nutritionist. View real-time reports that matters to you..

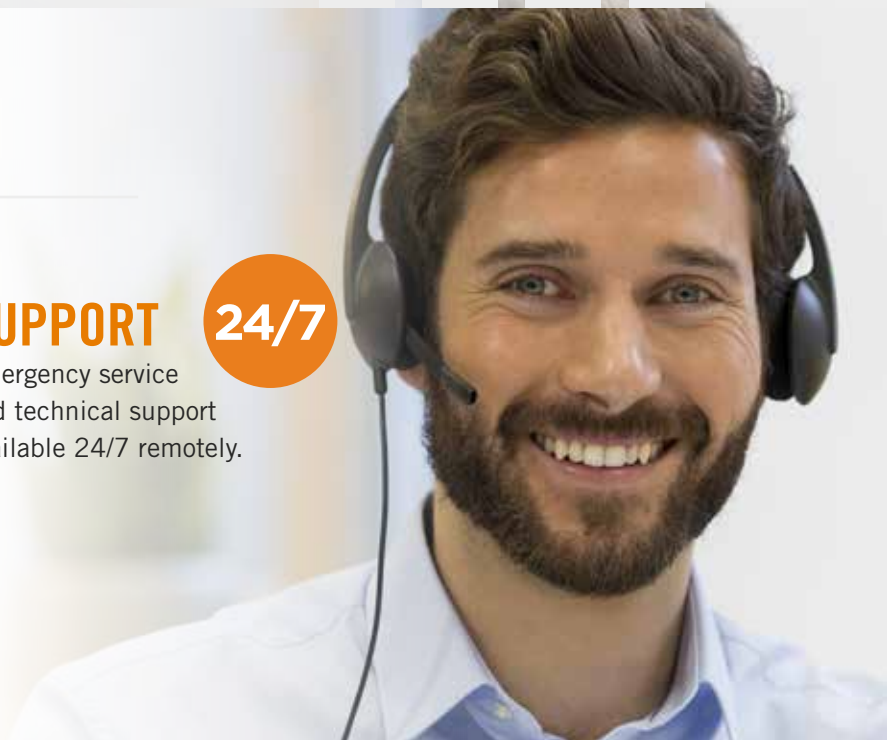

ALWAYS UP-TO-DATE

24/7 connected to Valmetal datacenter, you will benefit from most recent improvements, updates, at no charge as long as you own the Valmetal Auration Pro.

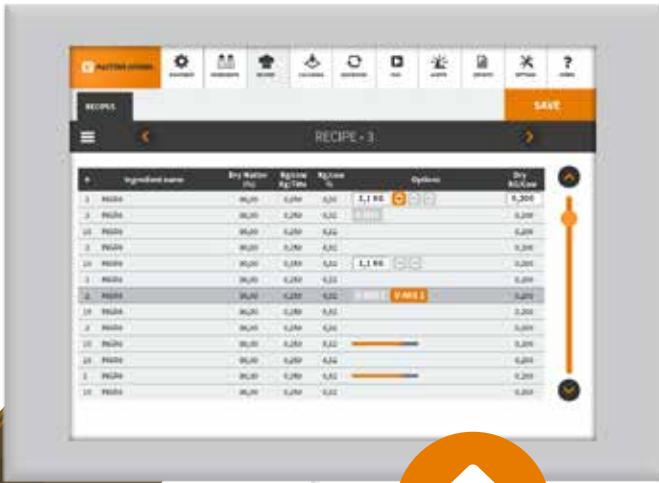

SUPPORT 24/7

Emergency service and technical support available 24/7 remotely.

New features

- Conveyor belt defrost feature
- Maintenance planning (with reminders sent by SMS, e-mails, etc)
- Cumulative ingredients data
- Communication system by email
- Debugging, update or maintenance done remotely
- Secure VPN Connection (with automatic disconnect)
- 24V emergency power supply (to protect data)
- 240V surge protection
- And much more...

A wide range of equipment available

Valmetal is the only equipment manufacturer designing its own automation software. Working with the Auration Pro, it is entering a large family, with only one interlocutor.

MIXERS

CONVEYORS

RESERVES

SILO UNLOADERS

MOTORIZED CARTS

FEEDER ROBOTS

AND MUCH MORE... INCLUDING YOUR EXISTING EQUIPMENT.

“ I believe that robotic feeding is essential to nowadays farm’s efficiency. While improving the quality of life of my family, the investment pays for itself. Best payback ever. ”

Jasmin Th  berge
Junique Farm inc.
Normandin, Qc, Canada

They
tested the
Autoration

“ Thank to this investment, I save at least 2 hours of work per day. With the Autoration, I have been able to lower my expenses in grains and concentrates by 25%. ”

Alexandre Ponton
Ponton Farm
Sherbrooke, QC, Canada

“ Autoration helps me save a lot of time. I can do plenty other tasks while the system is working for me. ”

Jeremy Sheurwater
Sheurleena Farm Ltd.
Teeswater, ON, Canada

ABOUT VALMETAL

Valmetal robotic feeding, it is not only a PLC (programmable computer) but rather the expertise of a world famous company featuring the widest range of feeding equipment (TMR mixers, silo unloaders, conveyors, ...) in North America and a great customer service.

DO THE RIGHT CHOICE. MAKE YOUR LIFE BETTER!
